The Players wish to express their great appreciation to The Theatre Committee—William C. Darling, Scenic Artist; T. Dexter Everts, Construction Manager and Claire M. McGuire, Business Manager—who have planned and worked tirelessly and long that the Theatre might be in readiness for this production. Those who are here for the first time should know that the entire theatre has been enlarged and remade. Next year the audience will not only be able to see to better advantage, but more comfortable seating will be provided. This accomplishment is the result of many people giving some time and a few people giving their week ends for the entire winter and spring months. Three cheers for the Committee!
