Director's Notes

Narnia was my first KFT show – I played a mouse at age eight. After long contemplation on the subject, I am convinced that if wardrobe doors to other worlds exist, they are somewhere in the stand of old growth forest that surrounds you right now. This is a place that filled my childhood with wonder – as did *Narnia* and the book on which it is based.

I was unprepared, then, for how different I felt as I re-read *The Chronicles of Narnia* and prepared to direct this version earlier this year. *The Chronicles* raise some disturbing questions about prejudice and judgment for this adult reader, and the script itself failed to inspire in me the kind of wonder it once had. I began to fear that I was not qualified to direct this story which I had once loved so much.

I found that wonder again in what I consider to be the best song in the show, *To Make the World Right Again*. As a child, this story was about the magic of stepping through the wardrobe and into the fantastic adventures that awaited. As an adult, it is about our duty to make things better once we've stepped back. Thanks to a cast and crew who embrace this spirit fully with their support for one another and dedication to telling this story.

This enchanting literary classic is re-imagined in this brilliant musical. 11 year-old Mary Lennox, orphaned in India, returns to Yorkshire to live with her embittered, reclusive Uncle Archibald and his invalid son, Colin. The estate's many wonders include a magic garden which beckons the children with haunting melodies and the "Dreamers," spirits from Mary's past, who guide her through her new life. This timeless story of forgiveness and renewal will enchant all ages and is the perfect summer outing.

Kitsap Yurt Open House - Celebrate our History

The Mountaineers Players have been presenting a spring show at the Kitsap Forest Theater since 1923, except for 4 years during World War II. Ever wonder why our spring show opens on Memorial Day weekend? It's because many years ago the wild rhododendrons lined the entire trail to the theater and people came to see the breathtaking blooms as they covered the trail with color. Rhodos need sun to bloom. The trees have grown so much that they block the sun and are slowly starving out the wild rhododendrons. Come to the yurt to see our displays of past shows and history.

Big Tree Trail

One of the biggest trees on the Kitsap Peninsula is located here on the Mountaineers Foundation Rhododendron Preserve. The trail to 'Big Tree' is about 1/2 mile long and starts near the historic Kitsap Cabin, ending at one of the 10 largest Douglas Fir trees in the world (2nd largest in Kitsap County). The hike takes you on a bridge over Wildcat Creek with views of Hidden Valley, blooming trillium, wild rhododendrons and many other native trees and plants. If you hike the trail after the show, please be sure that your car is not blocking anyone in and note that the start of the trail is steep.

Thanks to Dave Smyth, Sr. and friends for creating and placing the signs marking the trail. He noticed a need last year when walking the trail, and asked if he and his friends could make and donate signs alongs the trail. Dave and friends - thank you!
